BETÜL CAN ANATOLIAN HIGH SCHOOL PARENT E-SECURITY ACCEPTABLE USAGE POLICY (AUP)

SCOPE

This Usage Policy has been created to support the parents of our school to use the internet and social media in a healthy, conscious and smart way, to ensure that their children establish a balanced and healthy relationship between their digital world and their real world, and to shed light on their digitally conscious and exemplary parents.

INTERNET USAGE POLICY

1. Parents should provide the necessary support for their students to listen to lectures efficiently through Zoom during the distance education process, and provide the appropriate environment within the framework of opportunities for children to concentrate their attention.

2. Parents are expected to encourage students to participate in school projects, to participate in activities and to experience the correct use of digital resources by allowing them to produce visual and audio products in these activities by signing the "School Parent Permit" and "Etwinning Permit".

3. Parents should be aware of all the movements of their children online, the games they play, the videos they watch, the websites they visit, etc. They should examine in detail and warn their children if they find anything harmful. The harm should be explained to the child and directed to useful games or websites. If necessary, school Psychological Counselors should be contacted. https://www.guvenliweb.org.tr/ https://www.guvenliweb.org.tr/haber-detay/cocuklar-icin-yeni-tehlike-mavi-bebek

4. Parents should learn and implement safe family filters and family child protection programs for the online safety of their children. https://www.guvenliweb.org.tr/dokuman-detay/ebeveyn-denetim-araclari

5. Parents should educate their children about how to protect their digital privacy and inform their children of various dangers in the digital environment.

6. Parents should take action when they observe their children's exposure to cyberbullying in the school environment and take measures to prevent emotional and mental harm to the child. https://www.guvenliweb.org.tr/dokuman-detay/siber-zorbalik-nedir-nasil-mucadele-edilir-ebeveyn-ve-ogretmenler-icin

7. Parents should teach their children internet ethics and etiquette so that they do not become cyberbullies who unknowingly target school people. They should remember our school's policy of zero tolerance for cyberbullying.

8. Parents should teach their children the concept of digital footprints and make them aware of how to stay safe online. https://www.guvenliweb.org.tr/blog-detay/dijital-ayak-izlerimiz-bizi-takip-ediyor
